- **Questions people ask – Question:** Where are the original manuscripts of the Gospels and letters of St Paul?
Answer: There are no surviving original manuscripts of any part of the Bible, just as there are no original fragments of any of the famous Greek or Roman writers of that period such as Virgil or Cicero. We depend on copies of all these writings and copies of copies. Copyists were far from perfect and there are thousands of variations among the documents. The oldest surviving fragments of New Testament texts date from about 150 AD. The oldest complete New Testament dates from the fourth century. Some of the oldest fragments, dating from 250 AD are lodged in the Chester Beatty Library in Dublin.

Prayer for Protection

Father, I come to you through your Son Jesus.
I believe that He is the Son of God; that He died on the Cross for all my sins, rose from the dead, and I now confess Jesus as my Lord and Saviour. I truly believe this, and when I die, I will go straight to heaven to be with you forever. Jesus, you said that we will hear about wars and stories of wars that are coming, about famines and earthquakes in different parts of the world, that there will be increased evil in the world. But you said not to worry about it, that you would protect those who would trust in you. You, Lord, are my protection. You are God Most High; my place of safety. Nothing bad will happen to me, no disaster will come near me or my home. You will put your angels in charge of me to watch over me, wherever I go. Amen.
