Mapping of the Cemetery is an ongoing project, taken on voluntarily by Willie Bloomer with some help from other committee members.

This project will take some time, as a lot of information has to be collected and put on computer.

New graves sold during the year - 2 doubles, the remaining funerals into family plots already in cemetery.

Grass cutting arrangements have changed since June 1st 2016. However the high standard of work is being maintained in this changeover.

Footpaths have been put into the newer area of the cemetery, this work should be completed in the coming months.

A combination of contractor and voluntary work used to do this job.

The committee regularly discuss upcoming work that needs to be carried out ,as well as the regular maintenance of: grass, hedges, flowers, shrubs etc.
