

Some suggestions that might help to increase the number of Readers and Eucharistic Ministers'

1. An announcement from the altar when the notices are being read at the end of mass.
2. The parents of the Confirmation and Communion class children could be canvassed by sending a note home through their class teacher. These parents have been regular attenders at mass as part of their childrens preparation for receiving the sacrament.
3. A notice could be placed in the entrance porch of the church asking for people to volunteer.
4. A note could be placed in the Parish Newsletter.
